The 67th Annual Southeastern Turfgrass Conference will be held April 30th at the University of Georgia, Tifton Campus Conference Center. This year’s format will be a little different from the past as we are trying a 1-day event. But, if you are going to be in Tifton on April 29th, please join us for a Tour and Dinner at Super-Sod Turf Farms at 3pm. Details and directions will be available on the program shortly. On April 30th, we welcome y’all to come out and see the latest research on warm-season turfgrasses and to learn about the newest developments in turf and ornamental cultivars and their management during the educational sessions. Some topics to be covered this year include:

- Developing non-GMO Herbicide Resistant Bermudagrass
- Other Bermuda, Zoysia, and Centipedegrass Breeding Updates
- Dr. Michael Dirr’s Tree and Shrub Breeding Program
- Nematode and Weed Management
- Maximizing your Fertilizer Program
- Smart Irrigation Technologies
- Environmental Certification for Golf Courses
- Painting Dormant Turfgrasses
- New Technologies: Precision Turf and Thatch Management
- Sports Field Construction and Renovation
- Producing “Green” Grass for Lawns, Parks, and Sports Fields
- Jacksonville Suns “GameDay”
